Advice

Advice

Concepts:

- Donor
- Update
- Project

Features:

- donate securely
- give advice
- search by filters.
- post updates

**Actual payment to students is implemented by paypal and school.

Design Risk

Dual User Interface (students/Alumni)

Efficiency with paper prototyping use similarities where necessary

Implementation Risks

Account verification

Require alumni and student email addresses for sign up

Development Risks

Implementing searches

Provide “tags” for projects, and alumni interest

3rd party payment system

implement early on to leave room for other options
