Advice

Advice

### Concepts:

- *Donor*
- *Update*
- *Project*

### Features:

- donate securely
- give advice
- search by filters.
- post updates

\*\*Actual payment to students is implemented by paypal and school.

# Design Risk

Dual User Interface ( students/Alumni)

Efficiency with paper prototyping use similarities where necessary

# Implementation Risks

Account verification

Require alumni and student email addresses for sign up

# Development Risks

Implementing searches

Provide “tags” for projects, and alumni interest

3rd party payment system

implement early on to leave room for other options
