1. Multi form wizard vs long form for personal info
2. Stripe integration: specify amount and payment on the same page or different page
3. Do we have to guide the users through the interface?
4. Security concern (fake projects for getting money from alums)
- Advisor contact information (email or phone number)
- Terms of agreement
5. Notification feature (through emails)
6. How to handle students that graduate? what happens to projets they they are involved in? WHat access rights to take away?
